### **Class Description:**

No previous art or drawing experience is necessary. In this five-week class, the instructors will demonstrate the tools and techniques of Colored Pencil Painting. You will learn the correct strokes and layer and blend with pencils as you create your own colored pencil paintings. Class Projects will focus on how different color values create form and shadows producing a 3-dimensional effect. Individual attention will be provided to assist your learning. Finally, you will learn how to create personalized cards from your paintings. These are examples of class projects.

**Colored Pencil 2 Class will start on November 13.**
